These options include Dual Credits, Specialized Certifications in Industry Sectors, Experiential Learning and Cooperative Education. These programs help to meet the needs, interests and strengths of all students, engaging them in learning and better preparing them for graduation and beyond.

How is a Specialist High Skills Major recognized?

Students who successfully complete an SHSM receive:

GENERAL INFORMATION

Bells

A ten-minute and four-minute warning bell will ring prior to class time. At the four-minute bell, students should be heading to classes. The next bell is the bell telling you that you are late.

Lockers

School lockers are property of the school. The contents in the locker are the responsibility of the student that the locker is issued to. The administration has the right to enter lockers to get books for students who are absent due to illness, retrieve borrowed items, or do locker searches. Students are not to share a locker or reveal their combination to others. Items in your locker are assumed to belong to you by administration. Students who vandalize locker(s) will be responsible for the cost of repairs. Report any existing vandalism when issued your locker so it can be fixed. *All lockers must be secured with a lock.*

Backpacks/Personal Baggage/Luggage

Administration has the right to inspect students' baggage at any time during the school day or during extra-curricular/co-curricular activities. If the student refuses at any point, they may be denied further participation and will incur all related expenses for transportation home.

10 Minute Transition

This time is intended for students to go to lockers for supplies, take washroom breaks, get a drink, use the phone, chat with friends within the school. *They are not intended as coffee or smoke breaks.* All students are expected to remain in the school getting ready for classes.

Grade 7 & 8 students are to remain in the hallway nearest their classroom.

Lunch Hour

The lunch hour is 60 minutes long. **All students are encouraged to go home for lunch.** Students who choose to stay at school must remain on school property for the entire lunch hour.

The cafeteria is open at lunch hour for students to eat lunch brought from home or provided by fundraising groups. Cafeteria tables and the surrounding floor area are to be left clean.

Lunch hour activities are open to students as arranged by staff. All students are expected to show respect for others in the halls during this time. Pushing, shoving, and running are not permitted at any time during the day. Appropriate language and conversations suitable for a public environment are expected.

Bused Students

Only students who live on the highway or live more than 3.2 km from the school are registered, insured riders of the school bus. All other students are expected to walk to school. The bus line does not permit "courtesy riders." **If students are traveling to a bus student's home after school, they must find their own transportation.** Please call the Rainy River District Transportation Consortium (1-800-214-1753 ext. 5102) if you have any questions about your eligibility to ride the bus.

The school bus is an extension of the school. All school rules/code of conduct apply for expected student behaviour. The driver requires co-operation and respect from students in order to focus on transporting them safely. Students who are unwilling to be respectful and co-operative will lose their bus privileges, and parents will have to find alternate means of transportation.

Medications

Board policy does not permit school personnel to administer any medications to students (including pain relief medication, e.g. ibuprofen, acetaminophen) without proper authorization. **If a student must take medication during school hours, the request must be registered with the Principal and written authorization of both the parent and the attending physician filed with the school office.** Medication forms providing the required authorization and information necessary to ensure proper use of the prescribed medication are available from the school office. All medication is to be stored at and administered through the school office.

Support for Students with Prevalent Medical Conditions

- Anaphylaxis – Procedure 4.14
- Asthma – Procedure 4.72
- Diabetes – Procedure 4.75
- Epilepsy – Procedure 4.77

Specific Plans of Care have been created for each of the prevalent medical conditions. Emergency Response

Atikokan High School has plans in place to provide for the safety of staff and students in the case of emergency situations such as Emergency Response-Evacuation, School Lockdown Response and Bomb Threat Response Plan, and Emergency Response-Fire Safety. All plans shall be reviewed with staff and students at the start of the school year. Our primary emergency evacuation location is the Outers building; our secondary location is St. Patrick's school.

Student Services

The Guidance Office is adjacent to the Main Office and is open from 8:30 a.m.- 3:10 p.m. This department offers assistance in a wide variety of areas including:

1. Educational Planning
2. Pathways and Career Planning
3. Personal Development/Counselling

Co-operative Education

Co-operative Education is a joint effort between the community and the school to provide students with an opportunity to examine a career during their high school education. A Co-operative Education involves applying the principles, theory, and concepts learned in a high school course directly in a place of work. Students get to put what they have learned into action in a local business or organization. Students do a pre-placement training session where they learn about work place health and safety, WHMIS, developing strong work ethic, applying for a job, job interview skills, communication with other workers, conflict management, and the importance of completing paperwork on time. In most programs, students split their day between school and work. Co-operative Education is available to students in Grade 11 and 12.

Resource Centre - Due to COVID-19 the resource centre is closed until further notice.

The Resource Centre is open for study, research, leisure reading and preparing assignments from 8:00 a.m. to 3:30 p.m. each day. Students are able to sign out books (fiction and non-fiction), audio and video materials. These resources may be renewed unless they have been reserved by another student. Reference materials may not be signed out, but students may photocopy single copies of articles for research purposes. The Resource Centre computers have many software programs, on-line databases, Internet access and printers available for student course work. Computers first priority is to support student learning. They are not for entertainment purposes. Resource Centre staff is available to help students research, find materials and prepare assignments.

Student Wellness

Student Support Worker: This counsellor is employed by Kenora Rainy River Child and Family Services and provides individual, group and family counselling on a referral basis for students under 16 years of age. Drop in counselling services are available every Thursday.

Discipline Policy

Students are expected to be responsible, co-operative and respectful toward their classmates and staff members. The classroom teacher will have a discipline plan which will outline the expected behaviours and consequences for not meeting those expectations. Teachers will work with students who are struggling to meet the expectations of behaviour. The teacher will communicate with parents should any concerns arise. Students who are unwilling to follow the classroom discipline plan will be subject to the consequences outlined in this plan. **If students are asked to report to the office they must do so and must not leave until an administrator deals with them.** Students must meet with the teacher, the same day, to attempt to resolve the issue.

Students over the age of 18

When a student turns 18 they are considered an adult. Without consent from the student, the school is not able to release any information to parents/guardians listed on the student's school profile. We invite parents/guardians and the student to discuss whether completing the consent to share information will meet their needs. The form is available at the office.

DRESS CODE POLICY

Students are expected to dress in attire appropriate for the workforce. Clothing that reveals bared midriff, bared back, exposed cleavage, and bared or exposed torso is inappropriate for school. Students not dressed appropriately will be asked to change. The Atikokan High School Dress Code reflects the commitment of the school to provide a learning environment that is responsible, safe, nurturing, positive and respectful. It integrates the principles of fairness, equity and inclusion. It also reflects the involvement of parents and guardians, through the school council, in a consultative process with student and staff representatives to develop a dress policy that is based on the principles of respect, safety and diversity.

A Dress Code strikes a balance between expression and the expectation of society for appropriate attire in a shared workplace. In order to promote an orderly learning environment at Atikokan High School, in accordance with Ministry and Board Regulations, the following guidelines for student dress have been drafted.

- Student dress should always project a positive image of the individual and should be appropriate to a school setting at all times.

- Decorations, symbols, mottos, images, statements or designs imprinted or attached to the body or clothing which identify students as members of anti-social groups or gangs
or which depict racism, sexism, homophobia, profanity, violence or hatred
or which demean an identifiable individual or group or which advertise, tobacco, alcohol and drugs shall not be worn to school or school functions

- Upon entering the school, students may be asked to remove any hats, head coverings or apparel (i.e. hoods, jackets) that may conceal their face or identity.

- Students shall wear clothing of such a style and design as shall be consistent with community standards. Overly revealing and overly provocative clothing (i.e. displaying undergarments, transparent, backless, skimpy, bikini tops, or kinds of clothing usually worn at beaches or for recreational activities) are not appropriate apparel for the regular school session. Clothing shall be worn appropriately. Students may wear shorts and skirts as long as they are of modest length. Underwear should be hidden. Blouses, shirts, and sweaters are not to be low cut or so short as to expose the midriff.

- Students shall wear shoes or sandals for foot protection and hygienic reasons while in the school environment or on school transportation. Open-toed shoes are not allowed in high risk areas of science labs, auto and wood shops.

- Dress modifications will be applied to specific classes and/or subject disciplines as directed by the school staff (i.e. appropriate attire for Physical Education, Science, Visual Arts, Technical Studies, etc.)

The Principal or designate shall determine the appropriateness of dress and appearance. The Principal or designate will decide if a student's appearance meets school and community standards. The Principal or designate's decision on appropriateness of dress is final.

It is expected that, subject to the discretion of the Principal to permit exemptions regarding compliance in appropriate circumstances, every student in the school will comply with the Dress Code. A student in violation of the Dress Code will be required to change into appropriate clothing before returning to class. Failure to comply to the request or persistent opposition to Dress Code regulations may result in disciplinary consequences.

ATTENDANCE AND LATE POLICY GUIDELINES

Success in school is directly related to the students' attendance and participation in classroom activities. Students are assessed on their ongoing classroom involvement and completion of

work. Students who choose to be truant from the classes that they have registered in may be removed from these classes and be provided with alternate options for course completion.

It is the policy of Atikokan High School to ensure that students are in regular attendance and that unexcused absences are kept to a minimum. Regular attendance is one of the most important components of a successful experience at school; this has been well documented in educational research.

All students will take a copy of the Attendance Policy home for parent and student signatures. Parents are encouraged to track their teen's attendance and achievement on **EDSBY**.

Attendance

1. Student attendance will be tracked by the classroom teacher and the office. **Students must provide a note or a phone call from their parent/guardian explaining all absences.**
2. Parents are encouraged to call the office in advance where at all possible when they are aware of an upcoming absence. This will act as the note of explanation.
3. Extended illnesses, family trips, and out-of-town medical appointments, may be excused by the Principal. Parents are asked to call and speak to the administration about these absences as soon as they are aware of the scheduling requirements.
4. All school-sponsored activities including field trips, sports, Outers, and team activities are excused absences, but totals are still reported to parents.
5. Any community-based sports tournaments or team activities that take students away for competition will be excused once approved by the principal. **Parents are asked to have coaches contact the school to provide a schedule of competitions.**
6. Teachers will communicate with parents when they have concerns regarding a student's attendance and their achievement.
7. Parents of students in grade 7 and 8 will be contacted as per the Ministry of Education safe arrival policy. If the school office has not been notified that the student will be absent from school, the school secretary will call and check on daily absences in the morning and after lunch. If we are unable to contact home, upon return to school, please send a note to the school confirming your teen's absence.

Lates

1. Students are to be in class on time. There are 10-minute transition times between classes; a warning bell rings 4 minutes prior to class starting. This is ample time for students to pick up books, make phone calls, take washroom breaks, and get ready for class.
2. If a student accumulates 5+ lates to a class, a classroom detention or appropriate consequence will be assigned by the teacher, and contact with the parent/guardian will be made (letter, phone, e-mail).
3. If a student accumulates 15 lates to a class, the student will be referred to the Vice-Principal/Guidance to help the student resolve the issue surrounding his/her lateness.

Students who have excessive lates and/or absences may be removed from the course and be provided with alternative options for credit completion.

Digital Citizenship Policy

There are two computer labs in the high school and workstations in the resource centre for student use.

All students will receive instruction on the proper and acceptable use of the school's computers. This instruction will outline how to log in, set up personal accounts, use the student mail system, and access Board approved software. It will also outline acceptable use of Internet for school purposes. Students will be made aware of security measures they must follow to keep their accounts safe.

Students must be aware that school computers are for educational purposes, not for playing games and being entertained. Students have an allowable print credit for completing assignments for school. Once students hit the limit for printing, they will need to purchase further credit if they want to print their work on school printers.

All students must use computers within the digital citizenship use procedure. This procedure is sent home for parent and student signatures on entry to AHS, it is also available on the school website. Students who do not honour the Digital Citizenship Procedure will have their access to the use of computers suspended for a period of time.

Plagiarism and Cheating Policy

The Rainy River District school board recognizes the severity of plagiarism and cheating, and assigns appropriate consequences as outlined in policy 5.51. Plagiarism is the use or close imitation of the language and thoughts of another without crediting the original source or author, in order to represent as one's own work. Plagiarism includes using work from another class, work that has been published, and work previously completed by another student. Cheating is an act of lying, deception, fraud, trickery, imposture, or imposition. Cheating characteristically is employed to create an unfair advantage, usually in one's own interest, and often at the expense of others. Parents/Guardians of students under the age of 18 shall be

contacted in cases of plagiarism or cheating. Students must understand that the tests and exams that they complete and the assignments they submit for evaluation must be their own work and that cheating and plagiarism will not be condoned. Schools will use tools, such as online search tools, for the detection of plagiarism. Once suspected of plagiarism, the student may need to demonstrate that the work has not been plagiarized.

Integrity is expected from all students, with consequences for students who plagiarize or cheat reflecting a continuum of behavioural and academic responses and consequences, based on the grade level and maturity of the student, the number and frequency of incidents, and the individual circumstances of the student. This continuum of consequences includes, but is not limited to:

- Requiring the student to redo sections or all of the assignment;
- Counselling the student;
- Assigning the student a zero.

Cheating on any test or exam may result in a mark of zero. Parents will be contacted by the teacher or administration.

Late and Missed Assignments

Students are responsible not only for their behaviour in the classroom and the school, but for providing evidence of their achievement of the overall expectations within the time frame specified by the teacher and in a form approved by the teacher. Students must understand that there may be consequences for not completing assignments for evaluation or for submitting those assignments late. For assignments that have not been turned in despite the use of interventions, a zero may be assigned as determined by the teacher. A student's tendency to be late in submitting, or fail to submit, other assignments including homework, may be noted on the report card as part of the evaluation of the student's development of the Learning Skills and Work Habits. Deductions of 2% per day, up to 5 school days, may be applied for late assignments; this deduction may be applied at the teacher's discretion.

ATIKOKAN HIGH SCHOOL CODE OF CONDUCT

A school should be a place that promotes responsibility, respect, civility, and academic excellence in a safe learning and teaching environment. A positive school climate exists when all members of the school community feel safe, comfortable, and accepted. All students, parents, teachers, and staff members have the right to be safe, and to feel safe, in their school community. With this right comes the responsibility to contribute to a positive school climate.

The promotion of strategies and initiatives such as Student Success, Mental Health and Wellness and character development, along with the employment of prevention and intervention strategies to address inappropriate behaviour, fosters a positive school climate that supports academic achievement for all students.

The Atikokan High School Code of Conduct sets clear standards of behaviour. These standards of behaviour apply not only to students, but also to all individuals involved in the publicly funded school system—parents, volunteers, teachers, and other staff members—whether they are on school property, on school buses, at school related events or activities, or in other circumstances that could have an impact on the school climate. Responsible citizenship involves appropriate participation in the civic life of the school community. Active and engaged citizens are aware of their rights, but more importantly, they accept responsibility for protecting their rights and the rights of others.

Code of Conduct Guidelines

- All members involved in the Atikokan High School - students, parents or guardians, volunteers, teachers and other staff members, community partners – are included in this Code of Conduct whether they are on school property, on school buses or at school-authorized events or activities.
